

Thompson Tractor Company Announces Shuttlewagon Dealer Appointment

Kansas City, Missouri – (April 1, 2021) Thompson Lift Truck Company, a division of Thompson Tractor Co., Inc. headquartered in Birmingham, AL, is pleased to announce their appointment as the exclusive authorized Shuttlewagon dealer serving Georgia, Alabama, and northwest Florida effective April 1, 2021. Shuttlewagon, Inc., is a leading manufacturer of mobile railcar handling solutions.

“Thompson Tractor is a premiere Caterpillar dealer with over 60 years of experience delivering value-added equipment solutions to their customers. We’re confident that they will serve our market well,” said Tom Owen, VP of Distribution at Shuttlewagon.

“Thompson Lift Truck is an experienced, full-service dealer that perfectly suits our national dealer expansion strategy,” said Oz Gocmen, VP of Sales at Shuttlewagon. “This relationship enhances our value proposition to provide the best products, rental, parts and service in the industry.”

Thompson Tractor has grown and distinguished itself based on a dedication to excellence and a commitment to service since 1957. Thompson Lift Truck, with 22 servicing locations and 175 employees, will provide authorized Shuttlewagon railcar mover sales, rentals, service, and parts support to customers in their exclusive territory.

“We are pleased to partner with Shuttlewagon to expand the Thompson brand and to increase our product offerings to serve our customers,” said Lucy Thompson Marsh, President of Thompson Tractor. “We stand by the Shuttlewagon promise to help industry move safely, efficiently, and on time.”

Matt Serotsky, VP of Power Systems and Lift Truck, said, “This is an important addition to our material handling product offering which will allow us to better serve our rail customers in Alabama, northwest Florida and Georgia.”

Since 1972 Shuttlewagon has been a leader in the design and production of diesel- and electric-powered mobile railcar movers, helping industry improve workplace safety and operational performance. No other mobile railcar mover manufacturer offers such an extensive and innovation-rich product line-up to meet highly technical and complex solutions.
